## China Readies Surprise Attack On America—Will Recognize Hillary Clinton Emergency Government

By: Sorcha Faal, and as reported to her Western Subscribers

A gobsmaeking new **Security Council (SC)** report circulating in the **Kremlin** today noting **Permanent Member Sergei Naryshkin** (who is also the **Director of the Foreign Intelligence Service and the Chairman of the Russian Historical Society**) warning **Western** globalist-socialist forces that they **are mistaken to believe that the world can be ruled from Washington**, with his exactly stating: "**The most important lesson from the past is that if any country tries to rule the world all by itself this will undoubtedly end in disaster**", says the grave events occurring over the past **24-hours** have openly exposed the dangerous endgame these malign parties are attempting to rapidly achieve—events that include the **United Nations shockingly coming to the defense of radical ANTIFA terrorists mounting a rebellion in America**, the **European Union Parliament rushing to the defense of the radical racial hatred organization Black Live Matters** and **Communist China launching an all-out cyber attack on Australia to bring that nation's government to its knees**—with the latter being the prelude to a "**surprise Pearl Harbor attack**" that **Communist China** is preparing to launch against the **United States** to cripple its electrical grid—a crippling attack the **American** people are ill prepared to endure, as evidenced by **83% of them admitting they're stressed over their nation's future**, and **psychologists now warning these people would be crushed by a second coronavirus wave**—and when occurring, will allow socialist **Democrat Party** leader **Hillary Clinton** to establish an emergency government in the midst of this chaos to rule over **America**, which **Communist China**, the **United Nations** and the **European Union** will immediately recognize as being legitimate—an emergency government these socialist forces will need legal and military support to achieve—which is why **President Donald Trump** is **rooting out from the Pentagon all disloyal forces** and **United States Attorney General William Barr just fired US Attorney Geoffrey Berman and announced that the Chairman of the Securities and Exchange Commission Jay Clayton will replace him**—the latter action being the most critical as **US Attorney Berman** was preparing to aid this coup by making up false charges against **President Trump**, and which **Clinton's** emergency government would reward him for by making him the new **US Attorney General**—which explains why **US Attorney Berman** is **now in open revolt and illegally refusing to accept his dismissal**—with it further to be noticed that joining **Clinton's** emergency government would be former socialist **US Secretary of State John Kerry**, who has **just warned that if President Trump is reelected there will be a revolution**, and former socialist **National Security Advisor Susan Rice**, who herself just stunningly **quoted Russian communist revolutionary leader Leon Trotsky**, on what she plans to do with all of **President Trump's** supporters when she gets back in power: "**Throw them into the dustbin of history!**". [Note: Some words and/or phrases appearing in quotes in this report are English language approximations of Russian words/phrases having no exact counterpart.]

According to this report, on **11 March 1985** the last leader of the **Soviet Union** came to power when **Mikhail Gorbachev** became the **General Secretary of the Communist Party of the Soviet Union**—an unexpected accession to power coming after the death of **General Secretary Konstantin Chernenko**, who ruled from **13 February 1984** to **10 March 1985**—who himself ascended to power after the death of **General Secretary Yuri Andropov**, who ruled from **12 November 1982** to **9 February 1984**—who replaced the longest serving **Soviet** leader **General Secretary Leonid Brezhnev**, who ruled from **14 October 1964** to **10 November 1982**.

The historic significance of **General Secretary Gorbachev** coming to power, this report explains, was his being the first leader of the **Soviet Union** not to have been a part of the **1917 Russian Revolution** that allowed godless socialist-communists to capture the entire nation, as he wasn't even born until **1931**—which allowed **Gorbachev** to become the first **Soviet** leader to view with non-ideological honesty the absolute horror **Russia** had become after nearly **70-years** of continuous socialist rule—a horror **Gorbachev** laid at the doorstep of the past **Soviet** leaders who waged endless and needless wars for global supremacy while watching **Russia** fall into poverty, chaos and ruin—which **Gorbachev** responded to by ending these needless wars, most critically the **10-year-long Russian-Afghan War** he ended in **1989**—after which **Gorbachev** embarked on his "**Make Russia Great Again**" agenda—the two most important parts of were "**perestroika**", the restructuring and reforming of the **Russian** economic and political system—and—"glasnost", the policy and practice of creating a more open consultative **Russian** government and the wider dissemination of truthful information—the end result of which saw **Gorbachev** becoming the first, last and only **President of the Soviet Union**, ruling from **15 March 1990** to **25 December 1991**—after which the **Soviet Union** was buried in the grave it deserved to be in, and the **Russian Federation** was born.

Most instructive at this exact moment for the **American** people to know about this history, this report details, is that while **Gorbachev** was dismantling the **Soviet Union**, ending its wars and bringing soldiers home, and freeing the **Russian** people from decades of tyranny in order make their lives more just and prosperous, his socialist enemies were plotting his overthrow and destruction—and saw them striking back on **19 August 1991** when **Gorbachev** was summer vacationing with his family—a vacation that saw all communication links with **Gorbachev** being severed—and then saw the **State Committee on the State of Emergency** declaring that it was in charge of the nation—a committee of hard-line socialists dedicated to keeping power at all costs—but whose reign of power only lasted for two days and ended on **21 August 1991**—is now known to history as the **1991 August Coup**—and two weeks later, saw **Gorbachev** destroying the **Soviet Union** forever so these socialists couldn't do it again.

Most critical to note about the **1991 August Coup** against **Gorbachev**, this report explains, is that in the weeks and months that preceded it, socialist forces and their state media allies did everything in their power to sow as much chaos and economic pain among the **Russian** people as possible, while at the same time branding **Gorbachev** as a "**traitor**"—**an economic upheaval that was beginning to make life unbearable for Russian peoples**—with one of the anecdotes of that time being: "**And one man turned in the queue to his neighbour and said: 'I'm fed up with this. I blame Gorbachev, I'm going to kill Gorbachev,' and off he went...He came back two days later and the people in the queue said: 'Did you kill Gorbachev?'**"...**"No", he replied "The queue to kill Gorbachev was just too long"**.

As to the socialist tactics used during that time to foment such an environment of rebellion in **Russia**, this report astoundingly notes, they are being exactly duplicated today in socialist **Democrat Party** strongholds throughout all of the **United States**—tactics designed to place ordinary peoples in terror as a means to make them accept anyone able to restore order—with one such example being what occurred in **Charleston-South Carolina** on **30 May**—which was when the radical **Democrat Party** socialist **Mayor John Tecklenburg** of **Charleston** ordered his police forces to abandon and not respond to any emergency calls from his city's main downtown business district—after which **socialist mobs descended on it destroying everything in their path**—and most heartbreaking about is **listening to the hundreds of 911 emergency calls placed by terrorized Charleston citizens pleading for the police to save them, but who never came**—and afterwards caused one terrified business owner to write socialist **Mayor Tecklenburg** and say the truth: "**You left my staff, my guests, and businesses alone to get destroyed**".

As to when the masses of the **Americans** will awaken to the reality that they are all living in a socialist revolution intent on destroying the **United States** and overthrowing **President Trump**, this report concludes, more signs are emerging showing this is occurring—best exemplified today when noticing that even though the socialist **Democrat Party** and its leftist mainstream propaganda media allies have been **covering up the cognitive decline of socialist leader Joe Biden**, a just released new poll shows that **55% of the American people believe Biden is in the early stages of dementia**—a crushing blow to these socialists as it shows the **American** people are going around them to find out what the truth is—and as further confirmed by the radical leftist fake news outlet **CNN**, who this past week re-interviewed **3 Trump** voters from **2016** to see whom they intend on voting for now, and **all 3 of whom said they are still voting for Trump**—though all these **American** people should realize, and as history has always shown, socialist revolutions are indeed bloody and dangerous affairs—but when stood up against by fearless peoples and leaders, always end in failure.
