

Daniel 70th Week – Is not the same period as the 7 year Tribulation!!!

He also pointed to the Book of Daniel, where Daniel 11 contains a detailed list of events, surrounding the abomination, but the meaning was 'sealed until the time of the end'. (12:4) In fact, the abomination is mentioned four times in Daniel's visions, all of which give different information, and **when combined; they form a definitive timeline of end times.** [see chart below] As such, Daniel's "70th Seven" (Daniel 9:27) cannot be the same as "tribulation" (as most people have been led to believe) because the abomination is in the 'middle of the seven', but it *starts* a 2300-day period in Daniel 8:13-14. In other words, the 70th Seven and the 2300-days overlap but they can't be the same because it's literally impossible. Simply put, the rapture happens at the 'abomination', which is in the 'middle of the 70th Seven', which starts the 2300-day 'tribulation' (ending with Armageddon). After that, Jesus reigns on earth for 1000-years.
